

Cold Spring Harbor Fish Hatchery & Aquarium

Sponsor an Animal

The Cold Spring Harbor Fish Hatchery & Aquarium is home to the largest living collection of New York State freshwater fishes, reptiles & amphibians. Sponsoring an animal is great for gifts, kids, adults, families, scout groups and schools. The money donated to the "Sponsor an Animal" program goes toward enhancing the livelihood of our animals by aiding in purchasing food, maintaining the exhibit habitat, assisting in veterinary care, and expanding our educational programming. All sponsors receive a 4x6 color photo and fact sheet about the animal, a certificate of sponsorship, and recognition on our Sponsor's Board.

To sponsor an animal, please print and fill out the form to the right. Bring it with you during your next visit or mail it with payment to the Hatchery.
